Project Description: Corporate Drive Bridge - Tenmile Creek Flood Study - The construction of a bridge at Corporate
Drive over Tenmile Creek is proposed in Meridian, ID. A city of Meridian FLDP application is being filed
to support the construction of the proposed bridge. A hydraulic model was developed for Tenmile Creek
from downstream of the proposed bridge to upstream of I-84 where the Zone A floodplain transitions to
a Zone AE. The hydraulic analysis demonstrated a no-rise condition following the construction of the
Corporate Drive bridge, as proposed. The effective FEMA FIS flow rates were used for the 100- and
500-year flood events.

Project Description: Adding approximately 1485 square feet to the side of our current primary residence. The project will take our current 4-bedroom 2.5-bathroom home to a 5-bedroom 3.5-bathroom home. One current bedroom will be removed and two will be added. The main floor will include a small addition to the garage (on slab - not included in addition's sq ft), a storage room, and a second primary suite. The upstairs addition will include a bedroom, laundry room, and bonus room. Plans were professionally drawn up and comply with Meridian city setbacks.

Project Description: Removal of chain link fence on back of property and removal of short fence on north side of backyard. Installation of 6 ft vinyl privacy fence along back of property as well as from back corner of property to the existing gate on the north side of the house. New fence to match existing fence on south side of backyard. This project is to be completed to increase safety of children in the yard as well as prevent weeds and dirt from blowing into yard from unmaintained stream bank behind our property. Property behind our home is not common area or public property and the access path on the north side of the home is fully visible from the road. To my understanding because of these details we should be allowed to build a 6 ft vinyl privacy fence in these areas according to 11-3A-7. Thank you.
